BLAZEK DEAD.

Bob Ballard Spirited Away for Safe Keeping.

Joe Blazek, one of the Bohemians shot Wednesday by the negro, Bob Ballard, died yesterday, and Jacob Shramek, who was wounded, was reported worse, though he will doubtless recover.

The tragedy caused bitter feelings among the Bohemians and there were some indications that violence might possibly be resorted to. In order to prevent any trouble the negro, Ballard, was taken out of jail by the officers yesterday shortly after noon and spirited away to some other point, probably Franklin.

DR. PHILPOTT DEAD.

in the prime of life and the full strength of vigorous manhood, making his death appear all the more untimely. He leaves a family and other relatives who have the profound sympathy of the Eagle.

FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and the finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will re-enforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga, Tenn.

WINE OF CARDUI

Clarkson, Ark., July 20, 1899.
After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardui and Black-Draught. I am thankful for what the medicine did for me, and I am now in better health than I have been for a long time.

The English press is profuse in expressions of delight over the result of the late election.

Bryan needs a business and industrial league to cultivate her growth and prosperity. We must have it.

The Eagle regrets the serious turn affairs have taken in Grimes county as a result of political differences and hopes there will be no further bloodshed.

The Eagle has received a copy of the Baylor Bulletin and Supplement, official exponent of Baylor University of Waco. The Bulletin notes a present enrollment of 385 students.

People who wonder why the artist did not give us just one more of the "Willie and His Papa" pictures after the election will have to be satisfied with the explanation that Teddy's head is so swelled they can't get it into an ordinary newspaper.

There seems to be a strong probability that Mr. Bryan will now move to Texas and locate at Austin. In that event he will inevitably become an important factor in state politics and somebody may have to "git futher."

Any unusual clatter of arms in the Philippines now should not occasion alarm. The Filipinos are merely dropping their guns and bolos as they get the election news.

Pleased in Little Rock.

The Little Rock Gazette says: The new three-act farce-comedy, "The Star Boarder," held the boards at the Capital theater last night and made a distinct hit to all lovers of hilarious fun.

The company is headed by Mr. Chas. B. Boyle, who, by the way, is the originator of this laugh provoking creation, and who has long been known to the stage as a comedy producer of exceptional ability. Next to Mr. Boyle comes Miss Sue B. Meade, a bright, shapely and vivacious soubrette and comedienne, who, in the particular case of Daisy Day, aids the star boarder, Mr. Boyle, very materially in manufacturing mirth for the audience. The entire company is made up of high-class vaudeville people, winsome chorus girls, singers and light comedians who would adorn and do credit to some of the so-called top-notch light operas and musical comedies now on the road.

The performance is carried out in a manner not altogether familiar with Little Rock play goers, being on the rapid fire and quick action order throughout, hence possibly the cause of a noticeable lack of appreciation to many of the extremely clever situations that went by without even so much as a hand.

Republicans Claim Nebraska.

Chicago, Nov. 8.—Vice Chairman H. C. Payne of the Republican national committee has received a telegram from the chairman of the state committee in Nebraska stating the Republicans carried the state by a close majority, also that they have the state senate and in all probability will be able to organize the house.

Leslie Combs, chairman of the Kentucky Republican state committee, also telegraphed Mr. Payne that the official count will be necessary to decide the electoral vote of Kentucky. The telegram states that 3000 legal Republican votes remains uncounted in the ballot boxes and that other frauds will cost the Republicans 5000 votes.

Bryan Says Nebraska Democratic.

Chicago, Nov. 8.—A telegram was received at the Democratic national headquarters from W. J. Bryan, stating the Democratic national ticket carried Nebraska by a majority of 2000 and the state ticket by 4000 and that the next legislature of the state would be Democratic.

Says Nebraska Republican.

Washington, Nov. 8.—Assistant Secretary of War Meiklejohn has telegraphed here as follows:
"Fullerton, Neb., Nov. 8.—Nebraska is redeemed. McKinley has carried the state by not less than 5000. Legislature is Republican in both houses."

Delaware Legislature in Doubt.

Wilmington, Nov. 8.—McKinley's plurality in the state is 4013. It is possible the official count may change the legislature from Republican to Democratic.

Bryan Would Not Accept.

New York, Nov. 8.—The Evening Journal prints the following telegram from William J. Bryan:

"Lincoln, Neb., Nov. 8.—To the Editor of the Evening Journal.—You may say officially that under no circumstances would I accept the office of United States senator even were it tendered me. I made my fight for the presidency and I lost. I am not going to take other men's positions from them."
"WILLIAM J. BRYAN."

Another Democrat Wins.

St. Louis, Nov. 8.—W. A. Rodenburg, Republican, first reported elected to congress from the Twenty-first Illinois district is, according to the latest returns, defeated by the Democratic opponent, Fred Keren.

Lentz Wins in Ohio.

Columbus, O., Nov. 8.—Complete unofficial returns give Lentz, Democrat, 11 over Tompkins, Republican, in the Twelfth congressional district.

College Girls Celebrate Election.

Alton, Ill., Nov. 8.—The students of Monticello seminary observed the election of McKinley with a special programme. Miss N. M. Haskel, principal of the school, granted a half holiday and the young ladies gave a parade on the seminary campus. They were attired in curious costumes and carried oddly figured and shaped banners. After the parade they repaired to the Eleanor Reed chapel and campaign addresses were made. Miss Ruth Bryan, daughter of the Democratic nominee, delivered an address on the silver issue.

Starr Gets a Silver Medal.

Chicago, Nov. 8.—Prof. Frederick Starr, the well known anthropologist at the University of Chicago, has received a silver medal from Queen Wilhelmina of Holland. This award of honor has been given as an acknowledgment for a fine collection of busts and pictures secured by Prof. Starr as the result of his studies among the Mexican Indians and sent by him to the national scientific and artistic collection of Holland.

Political Tragedy.

Navasota, Tex., Nov. 8.—A political fight occurred about 12 o'clock yesterday in Anderson. John Bradley and Emmet Scott was killed and Will McDonald is fatally hurt. These men were of the most prominent in the county. Reports are meager. Great excitement prevails throughout the county.

TRouble HAS BEGUN.

Russia Has Announced She Has
Seized Chinese Territory.

IT WILL BE OPPOSED

What Action Will Be Taken Remains
Yet to Be Seen, but Is Certainly
a Step That Will Cause Con-
siderable Contention.

Tien Tsin, Nov. 8.—General Linovitch, commander of the Russian troops, has officially notified the foreign consuls that the land on the river side opposite the British and German settlements has been annexed to Russia by right of conquest. Unless all foreign owners of property immediately deposit documents proving ownership no claims will be entertained. Much railroad property as well as the east arsenal are included in the territory annexed by Russia. The consuls will protest against the annexation.

DANGER AHEAD.

It Will Come When Russia Takes Steps
to Protect Her Railroad.

Washington, Nov. 8.—Danger in the negotiations now progressing in Peking, it is believed, will arise when Russia takes formal steps for the protection of her railway interests in northern China.

Under Article 3, of the Anglo-German agreement Great Britain and Germany reserve to themselves the right to take such measures for the protection of their own interests as may seem advisable, interpreting the move of any other power to suit their own views.

It is thought possible that any steps taken by Russia to insure the safety of her railroad interests may be regarded by the signatories of the Anglo-German agreement as cause for the seizure of territory in the Yang Tse Kiang valley and in the province of Shan Tung.

In view of this possibility there has been considerable talk at Washington on the organization of a committee to prevent any such a move, the parties to it being Russia, France and the United States. It can be stated on high authority that no understanding has been reached between Russia, France, the United States and Japan to counterpoise the Anglo-German agreement. There is apparently no intention on the part of this government to enter into an alliance with any power.

AGREEMENT AS TO CHINA

Minister Conger Reports Progress, but
Department Gives Nothing Out.

Washington, Nov. 8.—Additional reports from Mr. Conger record progress in the efforts being made at Peking bring foreign ministers into an agreement as to the basis of negotiations with China. The department still declines to make public any details in the deliberations of the ministers and it appears that this reticence is a matter of international agreement, the purpose being to avoid presenting any of the differences that may arise from time to time to the notice of Chinese plenipotentiaries who might use them to serve their own ends. However, the statement is reiterated that progress is being made towards satisfactory conclusion and it is hoped within a short time it will be possible to at least initiate formal negotiations with Chinese plenipotentiaries.

No advances have yet been received here confirming the report that Russia has annexed the territory in the Chi Li province and the impression prevails that if Russians have occupied any territory there it is simply a military movement in preparation for the maintenance of the Russian forces as a suitable base on the road to Peking for the approaching winter.

Freezing Will Come to Texas Line and
Heavy Frosts in Texas.

Washington, Nov. 8.—The weather bureau announces the first well marked cold wave of the season which covers the middle western and northwestern states, with a minimum reported temperature of 12 degrees above zero at Huron, S. D. Freezing weather is reported in southern Kansas and southern Missouri, and snow has fallen as far south as the Ohio river.

Freezing temperature will extend over Arkansas and Tennessee and heavy frost will occur in central and north parts of the middle and east gulf and south Atlantic states, excepting Florida.

In the Atlantic coast states from Virginia northward the temperature will be much lower Friday and snow flurries will occur from the lower lake region and upper Ohio valley over the north Atlantic states. Temperature will continue low for the season over the eastern part of the country Saturday, but will moderate rapidly with rain in gulf and southwestern states during Friday night and Saturday.

Another Case of Yellow Fever.
Jackson, Miss., Nov. 8.—One new case of yellow fever is reported to the state board of health from Natchez.

Mrs. Buller, the first patient reported, is dead. A surgeon of the marine hospital service now in Natchez is endeavoring to trace the source of infection.

Democratic Delegate Elected.
Phoenix, A. T., Nov. 8.—Marcus A. Smith, the Democratic candidate for delegate to congress, was elected over Murphy, the Republican candidate.

HONG KONG JUNTA.

Great Britain Will Be Asked to Suppress
It in That City.

Washington, Nov. 8.—Great Britain will be requested by the government to suppress the Filipino junta at Hong Kong. The administration has had this in contemplation for some time and now that no political obstacle presents itself the action is to be taken without delay.

Secretary Hay has already been advised of the administration's wishes in the matter. He will direct Ambassador Choate to represent to the British government that the Filipinos are maintaining a junta at Hong Kong for the purpose of aiding Filipinos in their rebellion against the authority of the United States in the Philippines and that they are practically making Hong Kong a base of supplies for the insurrectionists.

Objection will be based on the ground of a violation of the laws of neutrality. Great Britain is expected to promptly comply with the request. In this same connection it may be said Lopez, the representative of Agoncillo, who recently came to the United States from Europe, will be closely watched, and if excuse can be found by reason of his conduct he will not be permitted within the borders of the United States. The suppression of the junta at Hong Kong is in accord with the policy now to be pursued with respect to the insurrection in the Philippines.

Accepting the results of the election as the unqualified indorsement of the president's Philippine policy and believing that the American people have expressed approval of the attempted subjugation of the natives, military operations will now be carried on in the Philippines with greater vigor. The rainy season is now near the end, and as soon as troops can be moved freely about the islands the most strenuous efforts will be made to suppress the insurrection and force the Filipinos into absolute submission.

Instructions sent to General MacArthur several days ago were in contemplation of this programme. He was directed to assemble his troops into larger commands that they might be able to inflict severe punishment on any bands of Filipinos encountered.

With the return to Manila of troops sent to China, General MacArthur will be in a position which it is hoped will accomplish the desired object.

It is also counted upon here that the ending of the rainy season will permit of the return to the ranks of a large percentage of the soldiers from the hospitals, incapacitated by the disease, brought on by the rains and excessive heat prevailing during the summer and fall months.

Extension of the Choctaw.

Little Rock, Nov. 8.—Chief Engineer F. A. Molitor of the Choctaw, Oklahoma and Gulf railroad, announces that since the presidential election is over that company will probably put in course of construction within the next 60 days about 160 miles of extensions. He announces that the line from Harts-horne to Ardmore, I. T., will be built as soon as preliminary legal matters can be arranged. The distance will be 120 miles. An extension from Weatherford about 50 miles westward will be built, enlarging the company's interests in western Oklahoma.

Express Official Missing.

Milwaukee, Nov. 8.—John L. Burr, Jr., night transfer agent of the United States Express company at Green Bay, Wis., is missing. Burr is accused by General Superintendent Merrill of the express company, of having appropriated between \$14,000 and \$15,000. The United States Express company announces that a reward of \$500 and 10 per cent of all money recovered will be paid for Burr's apprehension.

Gone to the Christening.

Cincinnati, Nov. 8.—Governor Dan W. Jones of Arkansas, accompanied by his family and staff and state officers and their families, and C. G. Warner, vice president of the Southern Pacific and party, passed through this city en route to Newport News, where the new monitor, Arkansas, will be christened by Miss Bobbie Newton Jones, the governor's daughter, on Saturday morning.

Carmody Discharged.

Fargo, N. D., Nov. 8.—Frank Carmody, held here for extradition to Mexico for alleged complicity in the robbery of the safe of the General Electrical company at the City of Mexico last March, was discharged by Commissioner Montgomery in the federal court.

Yellow Fever in Nicaragua.

Managua, Nov. 8.—Yellow fever is prevailing in the city of Leone to an alarming extent and the disease is of a very dangerous type. Leone's streets are paved with cobblestones and filth collects in the grass which grows between them and causes malarial diseases.

Another Ten Per Cent.

New York, Nov. 8.—The directors of the Standard Oil company have declared a dividend of 10 per cent, payable to stockholders on Nov. 15. This makes 48 per cent in dividends paid out by the company this year.

Against Excessive Docking.

Wilkesbarre, Pa., Nov. 8.—Five hundred miners employed at the Hollenbeck mine of the Lehigh and Wilkesbarre Coal company went out on strike because they allege they were docked excessively.

Quay's Majority Small.

Harrisburg, Pa., Nov. 8.—According to close figuring here Quay will have only three votes more than necessary to organize the house and the senate is a tie between Quay and anti-Quay.

THIS IS TO REMIND YOU

That all groceries are not alike. Some are made from cheap materials by poor machinery, and very little care is given to the work. That's the dangerous kind because it's likely adulterated. That's the kind you would do well to let alone. Others are made from the choicest materials, much care is given to the work, skilled labor is employed, and much money is spent in making them right—that's the kind that gives health, brain and brawn; you will find that kind in the list below:

Graham Flour 5 lb package 25c;
Cracked Wheat 2 lb package 20c;
Grains of Gold 5 lb package 25c;
Farina 1 lb package 10c, 3 for 25c;
Quaker Oats 2 lb package 15, 2 for 25c;
Scotch Oats 2 lb package 10c, 3 for 25c;
Hominy 2 lb package 10c, 3 for 25c;
Ralston's Breakfast Food 20c package; Ralston's Barley Food 15c package; Ralston's Pan Cake 15c package; Ralston's Purina Health Flour 25c; Imported Italian Paste; Macaroni; Vermicelli; Spaghetti; Anderson's Jams per bottle 25c; Maple Syrup; Grape Nuts and Postum Cereal; Cane Juice, New Crop Louisiana Molasses; New Evaporated Apples, Nectarines, Pears, Peaches; New Prunes; Fresh Dozier Cakes and Crackers; Grits and Hominy; Lye Hominy in 3 lb cans 15c. These are only some of the good things we have to offer. Come and see for yourselves as to the variety and quality of our stock of groceries.

Washington, Nov. 8.—As the returns stand now McKinley has 274 electoral votes, Bryan 160, with Idaho, South Dakota, Utah and Wyoming still undecided. In Idaho and Utah Bryan stands the best show of carrying these states while McKinley will in all probability carry South Dakota and Wyoming.

The legislatures in doubt are Delaware and Nebraska in which states two senators are to be chosen, and Idaho with one senatorship to be filed.

OVATIONS TO M'KINLEY.

Greeted at Various Places on His Return Trip to Washington.

Washington, Nov. 8.—President McKinley's trip from Canton to Washington has been a continuous ovation. At every stop there have been great outpourings of the people, business was suspended and many of the factories along the line have added their thousands of workers, to those who joined in enthusiastic demonstrations. The president appeared at each stop, shaking hands from the rear platform and making short speeches at the most important towns.

The start from Canton was made at 1:35 o'clock Wednesday afternoon amid the boom of cannon, the screech of steam whistles, and the well wishes of the president's townspeople.

The president made his first speech when the train arrived at Alliance, and from there all the way to Washington great crowds gathered at all towns.

BROKERS CELEBRATE.

They March at New York Over the Result of the Election.

New York, Nov. 8.—More than 3000 brokers, members of the stock, produce and maritime and cotton exchanges, paraded Wednesday afternoon in celebration of the election of McKinley. After the closing of the produce exchange, the members gathered at the corner of Whitehall and Beaver streets where the Fifty-ninth regiment band

was stationed. A line was formed and, headed by a platoon of police and brokers marched into the exchange. They marched around the floor waving banners and flags, and cheering for McKinley and Roosevelt. The column then marched down Beaver street. When the marchers passed the cotton exchange the cotton brokers rushed out, giving cheer after cheer, and then formed in line after the produce brokers.

The march was continued into Wall street and when opposite the custom house, the brokers, after giving a rousing cheer formed into line behind the cotton brokers. The column invaded the stock exchange and tumult reigned for several minutes on the exchange floor.

Many of the members formed in line and marched with the brokers up Nassau street to Maiden Lane. A warm reception was accorded them on Broadway, where the parade was partially disbanded.

President Reaches Washington.

Washington, Nov. 8.—President McKinley and party arrived at 8:10 o'clock this morning. Several hundred people had assembled at the Pennsylvania depot to bid the president welcome. The crowd outside broke into hearty cheers when the president made his appearance with Mrs. McKinley. After hasty greetings the party was driven to the White House, where the president had breakfast and then returned to his duties.

The trip beyond Pittsburg was at night and uneventful, though knots of people gathered at the stations throughout the night to see the train go by.

Uncertainty in Kentucky.

Frankfort, Nov. 8.—The Kentucky governorship is still being claimed by both parties at the state capital. The Democrats are claiming advices showing Beckham's election by from 4500 to 6000, while the Republicans claim the election of Yerkes by 2500. Independent voters are charging that the Republicans are holding back the returns in the Eleventh district and that the Democrats have done likewise in the First, the Republican and Democratic strongholds respectively, each waiting for the other side to make a show down, and that this is responsible for the delay in ascertaining the result.

Both Sides Claim Fraud.

Louisville, Nov. 8.—At both Democratic and Republican headquarters leaders adhered to their claims of Wednesday night, the Democrats declaring Beckham's majority would not be less than 10,000. Sixty-two precincts are still out and most of them in the extreme sections of the state, in the First and the Eleventh districts. Democrats assert the Republicans are holding back the Eleventh district while the Republicans say the Democrats are holding up the First district for a show down, when it becomes definitely known just how many votes are needed. The Democrats say there is no doubt whatever of the result, but the Republicans say they will be satisfied only when the official count is made. They say there has been most flagrant padding in Owen and Franklin and other counties but no details are at hand in support of the assertion. The Democratic leaders on the contrary say there has been no fraud whatever and they will be perfectly satisfied to stand by the official count.

Statement From Combs.

Louisville, Nov. 8.—Leslie Combs, chairman Republican state committee, dictated the following statement: "Under any fair election law McKinley and Yerkes would have carried the state by eight or ten thousand majority. The Republican vote has been whittled at many places by petty larceny and in a number of cases by highway robbery. Nothing but an official count can settle the election and such official count as made under the Goebel law by commissioners from whom the Republican party has no reasonable grounds to expect fair treatment."

The Evening Times claims the election of Beckham by 3886, basing the Eleventh district on the Republican claim of 19,205 majority for Yerkes. The returns show Beckham's majority without the Eleventh district, to be 22,691.

Washington Republican.

Seattle, Wash., Nov. 7.—Returns are so incomplete as to make close figuring impossible. McKinley has carried the state by a good majority. Both parties claim the state on state issues and it will take the count to decide.

It is believed Cushman and Jones for congress have been elected.

Tacoma, Nov. 8.—Returns show that McKinley will carry the state by 6000 to 8000, Cushman and Jones, Republicans, elected to congress.

Frank, Republican candidate for governor, will be elected.

Bryan Not a Candidate.

Lincoln, Neb., Nov. 8.—Bryan is not and will not be a candidate for United States senator from Nebraska. The state is very close.

Election in Oklahoma.

Guthrie, O. T., Nov. 8.—Territorial election returns are coming in slowly but enough is known to show that Dennis T. Flynn, Republican, is reelected over Neff by less than 3000. Republicans claim six members of the council and election of E. Duff, antifusionist Populist. This would give the Republican a minimum majority. The lower house is claimed by the Republicans by 16.

Bryan Congratulates McKinley.

Lincoln, Neb., Nov. 8.—W. J. Bryant sent the following telegram to President McKinley: "Hon. William McKinley, president of the United States—At the close of another presidential campaign it is my lot to congratulate you upon your second victory. W. J. BRYAN."
